PLEASE NOTE!

OWING to the apparent tendency of some collectors, especially new collectors, to treat the purchases made at Auctions the same as approval selections, I wish to call their attention to the **TERMS OF SALE** as printed on page 2 of this catalog, and ask you to kindly read them carefully before bidding.

In order to best serve the large number of collectors who patronize my Sales, it is essential that the Sale be conducted on uniform set of methods and terms. The methods and terms I use are the result of nearly a quarter of a century of careful study and experience. Therefore, in order to serve you to your best interests, when bidding at these Sales, these terms must be strictly adhered to.

TERMS OF SALE

PLEASE READ BEFORE BIDDING

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

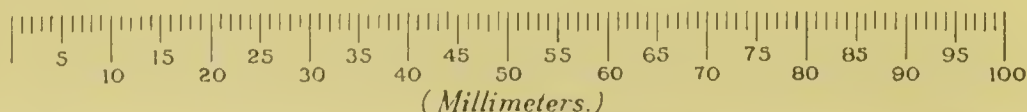

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, March 10th, 1925.

If you have any coins that you want to sell either at auction or private sale, write me for terms.
